NOTES FOR 2026 GAM

Available 2026 General Allocation Money (GAM) is as of Sept. 15, 2026. Any transactions involving GAM prior to Roster Freeze will not be accounted for in the totals.

MLS previously eliminated expiration dates for General Allocation Money, apart from GAM received as part of a club’s decision to opt into the U22 Initiative Player Model at the start of a season.

Clubs had the opportunity to update their roster construction model at midseason. Below are the conditions for updating roster construction models at midseason:

- Updates must have been made between July 1, 2026 and the close of the Secondary Transfer Window (Sept. 2).
- **U22 Initiative Player Model to Designated Player Model** – The club must have used \$1 million or less of the additional GAM and have no more than three U22 Initiative Players on their roster as of their updated declaration.
- **Designated Player Model to U22 Initiative Player Model** – The club may have only invested up to \$1 million of additional GAM during the remainder of the season and must have no more than two Designated Players on their roster as of their updated declaration.

NOTES FOR CLUB ROSTER PROFILES

* - Indicates player is currently unavailable, and club may receive roster/international spot relief, but not Salary Budget relief unless otherwise determined pursuant to the loan agreement.

^ - Indicates player can not be converted from a Designated Player to a non-Designated Player by using Targeted Allocation Money.

+ - In addition to the International Roster Slots, each Canadian Club is permitted to designate up to three International Players who have been under contract with MLS and registered with one or more Canadian clubs for at least one year who will not count toward the club's International Roster Slots.

Homegrown Player Designation: Homegrown Player designations are = noted for Supplemental Roster, Supplemental Slot 31 and Off-Roster Homegrown. The _{HG} distinction for Senior Roster players indicates the player entered MLS via a Homegrown contract.

TAM Player Designation: A TAM Player is a player whose Salary Budget charge is above the Maximum Salary Budget Charge (\$803,125) and at or below the Maximum Target Allocation Money Amount (\$1,803,125).

PT (Permanent Transfer Option) - Indicates club has the opportunity to execute a permanent transfer option for a player that is on loan through the designated year. The following years in the cell reflect the additional contract option years.

Off-roster Homegrown - Off-roster Homegrown players can appear in MLS matches via a Short-Term Agreement.
